Approximately 200 children took the tour.

Also, Mr. Novak continued, an invitation was received from We Care, We Share. 3. Resolution Amending Resolution No. 2002-18 for the Lease Agreement for the Small Boat Marina and Lorain Sailing and Yacht Club. Mr. Novak explained this is for the Small Boat Basin area that is adjacent to the Waste Water Treatment Plant. The Agency previously entered into a revised Agreement with the Lorain Sailing and Yacht Club. The Lorain Sailing and Yacht Club, within the last year, received a higher tax bill on the property. The County determined that the whole Marina area was to be considered for tax purposes. Subsequently, the tax bill for the Sailing Club increased significantly. City Council approved a revised legal description that would carve out the public water area from the Marina to help reduce the tax bill. The City leases the site to the Lorain Port Authority. The Lorain Port Authority in turn leases the property to the Lorain Sailing and Yacht Club.

Mr. Nielsen presented:

We received considerable accolades for what has been accomplished here. The Black River Landing site is an excellent example of a Brownfield site. It is a form of Economic Development.
