      1. Carnegie Library Agreement. Mr. Novak stated several months ago the City asked us to get involved with the Carnegie Library in order to allow the Black River Historical Society to take over the facility at Streator Park. The Board had previously passed a Resolution accepting the Library from the City of Lorain. What needs to be done now is pass a Resolution, along with the associated Agreement, allowing for the transfer of the Library from the Port Authority to the Black River Historical Society. We assisted the Library and the City by utilizing our Brownfield Assessment money to conduct an environment assessment of the building. Asbestos was found in the building, lead based paint was also present. These are not major issues; however the asbestos does need to be cleaned up. There is no liability on the Port Authority’s part now that everything has been done. If there is an issue, it would go into the upper fund area through EPA. Mr. Brosky drafted the Agreement. Attorney Brosky summarized the Agreement with Black River Historical Society for the Board.

Mr. Nielsen presented:

1. CenturyLink License Agreement. Mr. Novak stated that this Agreement pertains to the acquisition of the railroad corridor from CSX that the Port Authority initiated in 1998. The Port Authority bought the railroad corridor and eventually we bought the tracks associated with the corridor. However, when we bought the property, there were several License Agreements that the railroad had with the abutting property owners. The railroad charged a specified amount and that increased over the years. When we acquired it, we worked out an agreement with Centurytel. They pay us $2,100.00 per year. Centurytel indicated that they only have five (5) customers in the area. They would like to know if we would be willing to reduce that amount from $2,100.00 to $1,500.00.
