RESTRICTIONS

As Black River Landing continues to be developed based on funding sources, the Lorain Port Authority has adopted a measured use approach to park rental and programs accordingly.

As part of the Lorain Port Authority’s mission to promote public access to the waterfront, the Port programs the park with a variety of events throughout the year. In addition, the Port works in partnership with volunteer organizations to produce community festivals.

At the discretion of the Lorain Port Authority, Black River Landing may be closed to the public and rented for ticketed events. The Lorain Port Authority reserves the right to approve or deny any and all scheduled events for Black River Landing.

All events that will be selling alcohol must obtain the proper temporary liquor permit and perform all required identification checks for individuals wishing to consume alcohol.

RENTAL FEES

Upon review of an event, the Lorain Port Authority will determine whether security is necessary and the renting organization will be responsible for those fees, based on an hourly rate per officer, per hour.

Cost to rent Black River Landing for an organization requiring that the park be closed to the general public is $7,500.00 in 2015 and $6,500.00 for 2016.

Rental includes the entire event site, including the Transportation Center building. The stage may not be rented separately. A $1,000 deposit is required to reserve a rental date. Dates will not be held without a deposit.

The site is rented “as is” for special events. The Lorain Port Authority is not responsible for making any changes and/or modifications to the property or any provisions required by any Federal, State, or Local governmental regulations for a rental event.

Stage
No food (including gum, candy, cough drops) or beverages on stage. Water is the ONLY exception. No glass containers on or around stage.

All use of power on a stage must be handled by a LPA approved electrical vendor. They will be responsible for wiring and plugging into the power source. All rigging of scenery, flats, signs, banners, truss, chain motors, etc. must be pre-approved by the LPA four (4) weeks prior to load-in. Licensee and their riggers are personally held responsible and liable for damage incurred by improper rigging.

Only standard stick or ball-type chalk may be used on the stage floor. Liquid chalk, water paint or liquids of any other nature are expressly forbidden. Costs of removal will be the responsibility of the applicant. Applicant may bring in their own floor to cover existing stage, if so desired. Nailing and/or drilling into the stage floor is not permitted.

Trash
Applicants must empty all used trash receptacles and replace liners after the event. The LPA has regular maintenance scheduled in the parks in order to keep the trash from overflowing. If an additional pick-up is required due to your event, the applicant will be billed accordingly or the bill will be applied to your deposit.

The LPA contracts with the Murray Ridge Production Center for litter control needs. However, you are responsible for cleanup during and after your event. If you opt to use the restrooms inside the building for public use at your event, a restroom attendant must be used. The LPA current vendor must be hired for this service unless preauthorized by the LPA. Please contact the Port offices for vendor contact information.

Utilities
Electrical outlets are located in each pavilion and on light-poles throughout the sites. All cords must be covered to avoid tripping hazards. Do not overload cable, connectors, or circuits. Electrical boxes may only be accessed through LPA approved electrical vendors.

Organizations hosting special events on LPA property must coordinate any and all electrical usage from vendors or entertainers with the LPA Facilities Manager. Vendor specific electrical layouts and needs must be turned in to the Port for review and approval a minimum of two weeks prior to the event date. All events requiring additional electrical service shall employ an electrical contractor named by the Port. Absolutely no one other than the Port approved electrical contractor may do any electrical work.
